CONTENTS

No. 1

PAGE

Investigations on the Varietal Differences in Grain Yield of Sorghum (*Sorghum vulgare* Pers.)—*K. Krishnamurthy, B. G. Rajasekhara, G. Raghunatha, M. K. Jagannath, N. Venugopal and A. Bommegowda* 1

Influence of Forms and Levels of Magnesium on the Yield of Rice—*D. N. Nagaraja and M. Ramachandran* 5

Studies on the Effect of Different Sources of Nitrogen on Yield and Other Attributes of IR-8 Paddy—*G. Halappa, B. V. Venkata Rao, M. Mahadevappa, M. Sangaiah and Tufail Ahmed Khan* 9

Physiological Studies on Potato. II. Interaction Between Seed Size and Spacing on the Growth and Yield of Potato—*S. R. Parvatikar and C. D. Singh* 14

Response of Cotton (*G. hirsutum*) to Pre- and Post-Flowering Irrigations—*S. S. Meli, Y. H. Yadahalli and G. N. Kulkarni* 19

Studies on the Floral Biology of Guava (*Psidium guajava* L.) Variety Lucknow-49 (Sardar)—*U. G. Nalawadi, A. A. Farooqi, M. A. Narayana Reddy, Gubbaiah and A. S. Nelini* 24

Effect of Different Levels of Fertilizers and Spacing on the Extent of Damage Caused to Potato Tubers by the Cutworms—*K. S. Mutalikdesai, K. S. Panchabhavi, M. B. Malipatil, V. M. Bankapur and G. Thimmiah* 38

Studies on Loose Smut of Wheat. V. Effect of Storage of Inoculum and Different Dates of Inoculation on the Development of Smut (*Ustilago nuda tritici* Schaf.)—*R. P. Mishra and A. C. Jain* 40

Controlling Weeds in Rice Fields with Herbicides—*C. R. Bisen and J. P. Patel* 43

Rust Fungi of Madras State. V. *Puccinia*—*A. N. Ragunathan and K. Ramakrishnan* 50

Rust Fungi of Madras State. VI. *Puccinia*—*A. N. Ragunathan and K. Ramakrishnan* 62

PAGE

Rust Fungi of Madras State. VII. *Kuehneola, Hamaspora, Pharagmotelium, Phragmidium, Diorchidium, Ravemelia, Hapalophragmium and Nyssopsora*—A. N. Ragunathan and K Ramakrishnan 73

Comparative Resistance of Different Wheat Varieties to Rice Weevil (*Sitophilus oryzae* Linn.) During Storage—*H. N. Singh and G. Mathew* 86

Studies on *Bunostomum trigonocephalum* in Sheep—*G. R. Rajasekaraiah and A. Venkatarathnam* 90

Comparative Studies on the Incidence of Intestinal Helminths in Desi Birds Reared on Free-Range System and Farm Birds Under Hygienic Conditions—*K. S. Hegde, S. Abdul Rahman, G. R. Rajasekariah, M. Ananth and Bragitha Joseph* .. 102

Economics of Producing Hybrid Maize in Bangalore District, Mysore State—*R. Ramanna, G. S. Chandrasekhar and K. G. Mallikarjunaiah* 105

A Study on How Agricultural Extension Officers Spend Their Time—*K. A. Jatihal, H. S. Hanumanthappa and M. B. Channe Gowda* 113

Research Notes

Vivipary in *Artocarpus heterophyllus* Lam.—*A. F. Habib* .. 120

Preliminary Studies on Quality of Underground Waters on Growth and Yield of Coconut (*Cocos nucifera*)—*D. S. Kulkarni, P. A. Saranmath and P. B. Shanthappa* 122

Effect of Seed Soaking with Some Growth-Regulating Substances and Enzymes on the Growth and Yield of Wheat—*C. D. Singh, A. S. Nalini and A. S. Prabhakar* 125

Variation in the Leaf Area of Grain Sorghum (*Sorghum vulgare* Pers.)—*G. Raghunatha, B. G. Rajashekara, M. K. Jagannath and K. Krishnamurthy* 127

Growth Yield and Quality of Tomato (*Lycopersicon esculentum* Mill) as Affected by Foliar Applications of Boron in Sand Culture—*A. N. Verma, K. Ram and R. K. Sharma* ... 130

A Note on the Extent of Fruiting in Relation to Flowering in Sapota (*Achras sapota*, L.)—*A. A. Farooqi, M. M. Rao, V. M. Bankapur and S. D. Kololgi* 132

PAGE

A New Species of Heterozerconid Mite (Mesotigmata: Heterozerconidae) from India—*H. R. Rangaswamy and G. P. Channa Basavanna* 134

New Record of Soft Brown Scale Insect, *Saissetia coffeae* (Walk.) (Coccidae—Homoptera) in Cardamom and Its Parasite, *Aphidencyrtus* Sp. (Encyrtidae—Hymenoptera)—*C. Siddappaji and D. N. R. N. Reddy* 136

Citrus Nematode, A New Record from Mysore State—*B. C. Narayanaswamy, B. K. Rajagopal and K. H. Anahosur* .. 138

Abstracts of Theses 140

Book Review: Economics of Dry Farming in Tamil Nadu—*K. R. Ganapathy* 145

No. 2

Inheritance of Pigmentation in the Leaf-Axil of Rice—*C. V. Dhulappanavar* 151

A Comparative Study of Grain Development and Yield in Two Varieties of Wheat—*S. R. Parvatikar* 154

Relationship of Some Seed Physical Characters to Maturity Stages in Cowpea Varieties—*G. Raghunatha, K. Krishnamurthy and M. K. Jagannath* 163

Response of Cowpea (*Vigna catjang*) to Varying Fertilizer Levels—*C. B. Kurdikeri, R. V. Patil and K. Krishnamurthy* .. 170

Variability and Correlation Studies in F_2 Population of Pigeon Pea [*Cajanus cajan* (L.) Millsp.]—*A. Kumar and Md. F. Haque* .. 174

Natural Variability in Green Gram (*Phaseolus aureus*, Roxb.)—*K. Giriraj* 184

Further Studies on the Performance and Yield Components of Soybean Varieties—*K. Shivashankar, V. S. Veeranna and K. Krishnamurthy* — 187

Experiments on Cultivation of *Solanum laciniatum* Ait. under Jammu Conditions—*K. S. M. Sastry, V. R. Pandotra, R. N. Thakur and J. H. Gupta* — — — 192

PAGE

A Comparative Study of Nine Methods of Measuring Earliness of Crop Maturity in Diploid Cotton (*G. herbaceum* L.)—*M. S. Patil* .. 197

Floral Biology of Cardamom (*Elettaria cardamomum* Maton)—*N. S. Parameswar* .. 205

Studies on the Floral Biology of Pomegranate (*Punica granatum* L.)—*U. G. Nalawadi, A.A. Farooqui, Dasappa, M.A. Narayana Reddy, Gubbaiah, G. S. Sulikeri and A. S. Nalini* .. 213

Studies on the Fate of Phosphorus Applied Through Fertilisers in Red Soils of Bangalore—*M. Krishnappa and B. V. Venkata Rao* .. 225

Relation of Different Forms of Soil Phosphorus to Available Phosphorus Extracted by Olsen's and Bray's P_1 Methods in Medium Black Soil, Coimbatore—*D. C. Bisen and B. Ramamoorthy* .. 233

Effect of Soil Compaction on Thermal Properties of Soils of Mysore State—*R. V. Rama Mohan and K. Raghavendra* .. 238

Deficiency Symptoms in Cardamom (*Elettaria cardamomum*)—*R. S. Deshpande. D. S. Kulkarni, B. G. Suryanarayana Reddy and S. V. Kulkarni* .. 246

Relative Efficiency of Herbicides on Weed Growth and Yield of Sugarcane—*G. K. Patro and G. C. Tosh* .. 250

Identification of Strains in the Etiological Agent of Eggplant Little Leaf Disease—*A. Anjaneyulu and K. Ramakrishnan* .. 257

Influence of Referents on Adoption of Farm Practices in Two Villages of Dharwar Community Development Block—*V. Veerabhadraiah, M. K. Sethu Rao and R. Dwarakinath* .. 266

Identification of Opinion Leaders in a Rural Community and Their Characteristics—*V. Veerabhadraiah, M. K. Sethu Rao and R. Dwarakinath* .. 274

Characteristics of an Innovation Influencing the Adoption of Agricultural Technology—*V. Veerabhadraiah, M. K. Sethu Rao and R. Dwarakinath* .. 279

A Scale to Measure the Differential Perceptions of Adopters and Non-Adopters—*B. K. Murthy, C. M. Dudhani, K. M. Jayaramaiah, V. Veerabhadraiah and M. K. Sethu Rao* .. 282

PAGE

Studies on Mulberry (*Morus indica*) Leaf-Stalk—Carotene, Iron, Manganese and Copper Balances in Cattle Sustained Mainly on Mulberry Leaf-Stalk—*M. N. Amrith Kumar, A. Subba Rao and S. R. Sampath* 292

Observations on the Tuberculin Sensitivity of Tuberculous Cattle Treated with Isoniazid—*K. V. Nagaraja, S. Krishnaswamy, B. S. Keshavamurthy, R. D. Nenjiah and C. L. Adinarayanaiah* 297

Redescriptions of Three Oriental Species of *Brachymeria* Westwood (Hymenoptera: Chalcididae)—*K. J. Joseph, T. C. Narendran and P. J. Joy* 302

Research Notes

Studies on the Performance of Green Gram (*Phaseolus aureus*) Varieties—*C. B. Kurdikeri and B. S. Nadagoudar* .. 310

Inheritance of Stem Pigmentation and Flower Colour in Pigeon Pea—*A. Kumar and Md. F. Haque* 312

Response of Sunflower to Spacing and Fertilizer Levels—*A. G. Shivakumar, K. J. Hosagerappa, Y. H. Yadahalli and C. B. Kurdikeri* 314

Nitrogen Response in Medium Duration Rice Varieties—*M. A. Singlachar* 316

Preliminary Observations on Phytotoxins in Fallow Lands—*N. T. Lillaram and P. B. Deshpande* 317

Nitrogen Mineralization Studies in Red Sandy Loam Soils of Bangalore—*A. Rajanna, K. M. Appaiah and B. V. Venkata Rao* 319

A Study of Water Balances in Dry, Subhumid and Semiarid Climates of Mysore State—*B. P. Ratnam, B. S. Nadagoudar and C. B. Kurdikeri* 321

Varietal Tolerance of Germinating Paddy Seeds to Different Salt Concentrations—*K. Balakrishna Rao, N. Kamala Kantha and N. G. Perur* 325

Observations on the Breeding Habit of the Millipede *Polydrepanum* Sp.—*H. R. Rangaswamy* 328

PAGE

In Vitro Assay of Fungicides Against *Phyllosricta elettariae*, the Leaf Spot Pathogen of Cardamom—*R. S. Deshpande, S. Viswanath and T. B. Anilkumar* 330

A Note on the Evaluation of Groundnut Varieties for Resistance to Thrips (*Heliothrips indicus* Bagnall)—*K. S. Panchabhavi and G. Thimmaiah* 332

Insecticidal Control of Thrips (*Heliothrips indicus* Bagnall) on Groundnut—*G. Thimmaiah and K. S. Panchabhavi* .. 334

Phaeoseptoria eucalypti Hassf.—A New Record to India—*G. M. Padaganur and P. C. Hiremath* 336

Vorticillium Wilt of Cotton—A New Record to Mysore State—*D. K. Patil and K. H. Anahosur* 338

Abstracts of Theses 340

Book Review : Tarakari Besaya—*K. R. Ganapathy* .. 347

No. 3

Characterisation of Some Acid Soils of Mysore State—*R. Ananthanarayana and N. G. Perur* 349

Effect of Liming Acid Soil on the Yield Attributes of Paddy (*Oryza sativa* L.)—*R. Ananthanarayana and N. G. Perur* .. 353

Influence of Rice Straw on Soil Aggregation in Black Soil—*T. Satyanarayana, P. Ramanagoud and G. N. Kulkarni* .. 357

Response of Gram to Fertiliser Application in the Black Cotton Soils of Bellary Under Dryland Farming—*S. B. Prabhanjan Rao, B. Ramanath and M. J. Sam* 360

Studies on Efficient Use of Nitrogenous Fertilisers for Rice (*Oryza sativa* L.)—*Patil Chandrashekhar and P. B. Deshpande* .. 365

Combining Ability in *Kharif* Sorghum—*J. V. Goud, M. D. Kachapur and M. J. Vasudeva Rao* 369

Investigations on the Varietal Differences in the Growth Components of Maize (*Zea mays* L.)—*K. Krishnamurthy, A. Bommegowda, N. Venugopal, M. K. Jagannath, G. Raghunatha and B. G. Rajashekara* 377

PAGE

Correlation and Genetic Studies in Diallel Crosses of Castor (*Ricinus communis* L.)—*K. Giriraj, S. W. Mensinkai and S. S. Sindagi* 385

Heterosis in Castor (*Ricinus communis* L.)—*K. Giriraj, S. W. Mensinkai and S. S. Sindagi* 389

Effect of Ethrel (2-Chloroethyl Phosphonic Acid) on Fruit Ripening of Tomato (*Lycopersicon esculentum* Mill.)—*K. R. Bhandary, K. P. V. Shetty and G. S. Sulikeri* 394

Annotated List of Microfungi from the Nandi Hills, Mysore—*B. C. Sutton* 400

Variation Among the Isolates of *Rhizoctonia bataticola* from Urid Plant Parts and Soil. I. In Pathogenicity Morphology and Growth Pattern—*N. K. Jain, M. N. Khare and H. C. Sharma* 411

Studies on Comparative Efficacy of Various Organic Amendments on Control of Root-knot Nematode of Tomato—*D. Nanje Gowda and K. G. H. Setty* 419

Thermotherapy of Eggplant Little Leaf Disease—*A. Anjaneyulu and K. Ramakrishnan* 423

Studies on Market Diseases of Vegetables in Mysore State—I—*P. C. Hiremath and H. C. Govindu* 428

Bionomics of the Ragi (*Eleusine coracana*) Root Aphid, *Tetraneura nigriabdominalis* (Sasaki) (Homoptera: Pemphigidae)—*R. D. Gadiyappanavar and G. P. ChannaBasavanna* .. 436

Studies on the Internal Anatomy of the Grape, Flea Beetle *Scelodonta strigicollis* (Motschusky) (Coleoptera: Chrysomelidae: Eumolpinae)—*K. A. Kulkarni* 444

Relative Cost of Cultivation and Economics of Cultivation of Hybrid Sorghum (CSH-1) and Local Sorghum under Rainfed Conditions—*M. N. Venkataramu, K. R. Kulkarni and M. Raghumurthy* 454

Studies on Myoglobin in Domestic Animals—*S. V. S. Setty, T. P. Suresh and V. R. Hegde* 459

Critical Evaluation of Clinico Pathological Methods for Diagnosis of Avian Leukosis Complex in Sub-clinical and Early Stages of the Disease—*R. N. Sreenivasa Gowda, Syed Mohiyuddeen and S. J. Seshadri* 464

PAGE

Knowledge Increase Through Production-*cum*-Demonstration Training Sessions—*G. Somasekharappa and Jade Srinivasamurthy* 472

Evaluation of Mailed Enquiries Programme of the Farm Advisory Services—University of Agricultural Sciences—*D. Shivakumar and Jade Srinivasamurthy* 476

Influence of Farm Broadcasts on the Knowledge of Farmers—*B. S. Siddaramaiah, K. A. Jalihal and R. Dwarakinath* .. 479

A Study of Radio-owners' Listening Habits and Preferences to Farm Broadcasts—*B. S. Siddaramaiah, R. Dwarakinath and K. A. Jalihal* 484

Abstracts of Theses 490

Book Review: The Green Revolution—*B. V. Venkata Rao* .. 495

No. 4

Effect of Time and Rate of Seeding on Growth and Yield of Two Varieties of Wheat *Bijaga Yellow* and *Safed Lerma* under Rainfed Conditions—*B. S. Nadagoudar and S. V. Patil* .. 499

Response of Tall and Dwarf Wheats to Time and Rate of Seeding under Rainfed Conditions—*B. S. Nadagoudar and S. V. Patil* 505

Effect of Black Polyethylene Film Mulch on Soil Conditions and Yield of Cauliflower (*Brassica oleracea* Var. *Botrytis*)—*G. Halappa and L. Sreenivas* 510

Performance of Australian Wheat Varieties in Comparison with Others for Yield and Rust Reaction—*K. Krishnamurthy, N. Venugopal, M. K. Jagannath and B. Ranganathahegde* .. 519

Gene Action for Seven Quantitative Characters in *Sorghum vulgare* Pers.—*N. Y. Nayakar* 535

Genetic Variability in Wheat—*S. R. Viswanatha and S. P. Kohli* .. 539

Use of Tin Evaporimeter for Scheduling Irrigation and Estimating Consumptive Use of Water in Wheat Crop—*S. Thimme Gowda and S. V. Patil* 544

Pretreatment of the Soil in the Determination of Water Stable Aggregates—*G. Kasi Viswanath and S. G. Pillai* .. 550

PAGE

Changes in the Biological Activities of Red Soils of Bangalore as Influenced by the Continued Application of Heavy Doses of Fertilizers—*R. H. Balasubramanya, K. Shivappa Shetty, B. V. Venkata Rao and T. K. Siddarame Gowda* .. 556

Nutrient Content of Some New Ragi Varieties—*K. Balakrishna Rao, M. S. Mithyantha, I. Suseela Devi and N. G. Perur* .. 562

Effect of Cycocel Spray on the Incidence of Blackarm of Cotton—*R. V. Hiremath, S. B. Puranik, V. R. Korradi and B. H. Katarki* 565

Host Range of Eggplant Little Leaf Disease—*A. Anjaneyulu and K. Ramakrishnan* 568

Chemical Control of Soybean Seed Rot —*K. H Anahosur, K. Fazalnoor and H. C. Govindu* 580

Chemical Control of Shedding of Squares and Bolls Due to Spotted Bollworm (*Earias fabia* Stoll.) on Cotton—*G. Thimmaiah, K. S. Panchabhavi and S. Usman* 584

Weed Control in Cotton (*Gossypium hirsutum* L.) by Herbicides and Their Residual Toxicity to Succeeding Crops—*R. A. Sheriff, Gururaj Hunsigi and K. S. Krishna Sastry* .. 588

Farm Practice Adoption by Farmers and Their Attitude Towards New Agricultural Technology—*V. Veerabhadraiah, C. M. Dudhani and M. K. Sethu Rao* 596

A Study on How Gramasevaks Spend Their Time—*K. A. Jalihal, H. S. Hanumanthappa and M. B. Channe Gowda* .. 603

Some Aspects of Adoption of High Yielding Varieties of Paddy in Mandya District with Particular Reference to Small Farmers —*K. A. Jalihal, M. B. Channe Gowda and B. Sundara Swamy* 608

Control of Bovine Tuberculosis by Tuberculin Testing and Segregation in an Organised Dairy Herd—*S. Krishnaswamy, K. V. Nagaraja, B. S. Keshavamurthy, R. D. Nanjiah and C. I. Adinarayanaiah* 615

Physiological Responses to Copper Supplementation in Poultry—*T. R. S. Rangachar and V. Ravivarma Hegde* .. 620

The Mylohyoid Nerve in the Buffalo (*Bubalus bubalis*)—*Abdus Salam* 628

Responses to Algal Supplementation in Poultry—*T. R. S. Rangachar, R. H. Balasubramanya and S. V. S. Setty* .. 631

PAGE

Effect of Low Vitamin A Diet on Antibody Production to *Solmonella pullorum* Antigen in Chicks—*C. L. Adinarayanaiah, R. D. Nanjiah and B. S. Keshavamurthy* 638

Histology and Histochemistry of Bovine Oviduct—*V. K. Sundaravadanan and V. Venkataswamy* 650

Abstracts of Theses 657

Book Review : Design and Analysis of Field Experiments—*S. K. Ekambaram* 668

AUTHOR AND SUBJECT INDEX—1973

Abdul Rahman, S. .. *See* K. S. Hegde

Adinarayanaiah, C. L. .. *See* S. Krishnaswamy

Adinarayanaiah, C. L. .. *See* K. V. Nagaraja

Adinarayanaiah, C. L., Nanjiah, R. D. and Keshavamurthy, B. S. — Effect of low Vitamin A diet on antibody production to *Salmonella pullorum* antigen in chicks, 638–649

Amrith Kumar, M. N., Subba Rao, A. and Sampath, S. R. — Studies on mulberry (*Morus indica*) leaf-stalk—Part II. carotene, iron, manganese and copper balances in cattle sustained mainly on mulberry leaf-stalk, 292–296

Anahosur, K. H. .. *See* B. C. Narayanaswamy

Anahosur, K. H. .. *See* D. K. Patil

Anahosur, K. H., Fazalnoor, K. and Govindu, H. C. — Chemical control of soybean seed rot, 580–584

Ananth, M. .. *See* K. S. Hegde

Ananthanarayana, R. and Perur, N. G. — Characterisation of some acid soils of Mysore State, 349–353

Ananthanarayana, R. and Perur, N. G. — Effect of liming acid soil on the yield attributes of paddy (*Oryza sativa*, L.) 353–356

Anjaneyulu, A. and Ramakrishnan, K. — Host range of eggplant little leaf disease, 568–579

Anjaneyulu, A. and Ramakrishnan, K. — Identification of strains in the etiological agent of eggplant little leaf disease, 257–266

Anjaneyulu, A. and Ramakrishnan, K. — Thermotherapy of eggplant little leaf disease, 423–428
